rot / red (r)

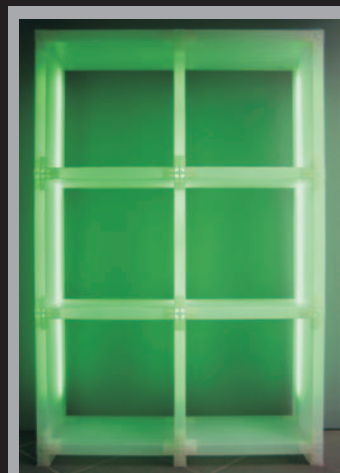

orange (o)

gelb / yellow (ge)

mintgrün / mint green (g)

dunkelgrün / dark green (dg)

blau / blue (b)

## Das Regal-System im neuen Look!

### CUBE-SYSTEM

Das **CUBE-SYSTEM** ist das neue ultimative Regalsystem, welches in einem Winkel von 360 Grad rundum leuchtet. Die integrierten Leuchtstäbe sind in elf verschiedenen Farben erhältlich.

Durch die Integration der Leuchtstäbe wird das **CUBE-SYSTEM** zu einer eindrucksvollen Illumination. An Ihm vorbeizuschauen: nahezu unmöglich.

Als Modulbaukasten im Steckprinzip, lässt sich das **CUBE-SYSTEM** im gewünschten Format variabel einsetzen und ebenso variabel ausleuchten. Sein geringes Gewicht lässt es zum wandelbar, leuchtenden Leichtgewicht werden. Vor Ort schnell auf- und wieder abgebaut, bietet das filigrane Objekt alle Vorteile eines zuverlässigen Regalsystems: Stabilität, Aufmerksamkeitsstärke, Flexibilität und Formschönheit.

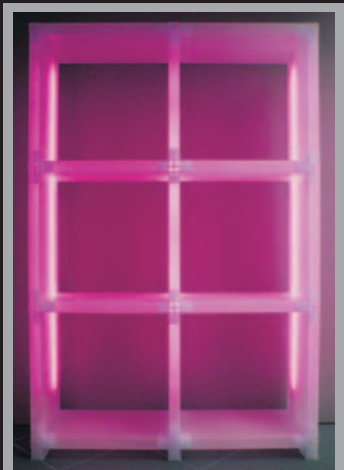

**The CUBE-SYSTEM**  
**Material:** Injection-molded polypropylene  
**Color:** Transparent "Frosted White"  
**max. Capacity load:** ca. 55 lbs each shelf  
**Dimensions:** H 54 1/2" x W 35 1/2" x D 10"

**Basic kit "CUBE-SYSTEM BASIC" (6 Shelves):**  
incl. accessories (see instruction)

**Basic kit "CUBE-SYSTEM LIGHT" (6 Shelves):**  
Illuminated by using 3 of the ANS-Light-Sticks (Color free of choice), surcharge for transparent power cord

lila / purple (l)

pink (p)

weiss / white (w)

warmweiss / warmwhite (ww)

## The new Shelfe-System!

**CUBE-SYSTEM**  
The **CUBE-SYSTEM** has everything you'd want in a modular storage design: stability, strength, versatility and value. Limitless configurations, easy assembly and mutable aesthetic.

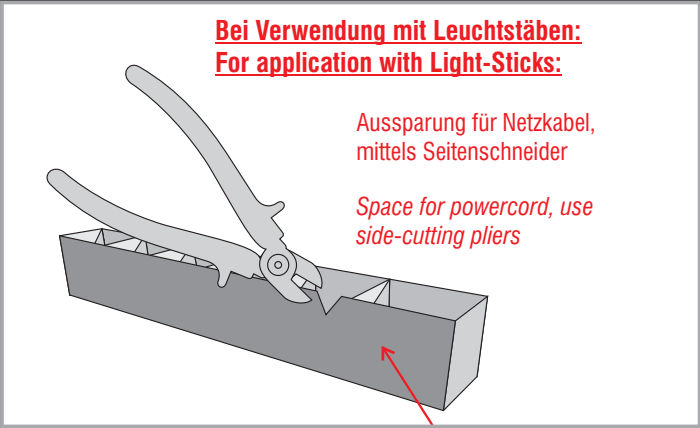

The **CUBE-SYSTEM** shelves to be equally at home in playful or sophisticated environments.

Easy to install. The **CUBE-SYSTEM LIGHT** delivers a 360 degree illumination. The integrated Light-Sticks are available in 11 different colors.

| Regalhöhe / Shelve height                                                                                                                                                                                                                                                                                                                                                       |                      |      |       |       |                     |

WANDBEFESTIGUNG + VERBINDER / WALL MOUNT & ATTACHMENTS

Use Attachment Joints (Item #8) in  
outside corners to multiple depth

Verbinder (#8) in die Ecken einsetzen, um  
Regalböden voreinander zu montieren

**STEP 3**  
Assemble the bottom row  
Use 3 shelves - Configuration A + Items #3 & #7

**STEP 4**  
Assemble shelves vertically on the bottom row  
Use 4 unconfigured shelves

**STEP 5**  
Assemble middle row. Use 3 shelves - Configuration A + Items #3.  
Assemble 4 shelves vertically on the middle row.  
Use 4 unconfigured shelves

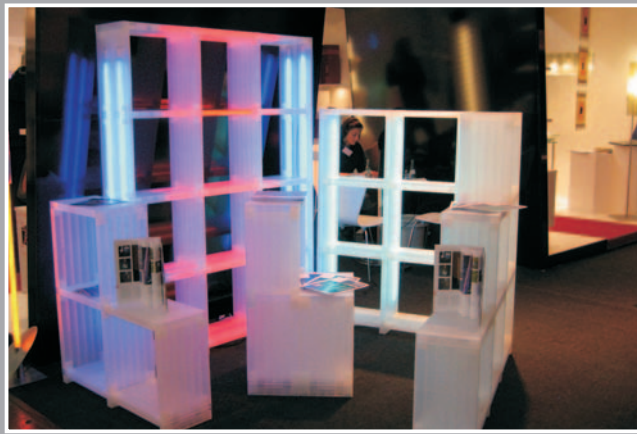

**STEP 6**  
Assemble upper row. Use 3 shelves configuration B + Items #3 & #4

**STEP 7**  
Insert cups & pins (Always last operation)

1. Vormontage von 6 Böden, Konfiguration A
2. Vormontage von 6 Böden, Konfiguration B
3. Montage der Bodenplatte. Verwendung von 3 Böden, Konfiguration A + Teil-Nr.: 3 und 7
4. Vertikale Montage von 4 Standardböden auf der Bodenplatte
5. Montage der mittleren Platte mit 3 Böden, Konfiguration A + Teil-Nr.: 3, vertikale Montage von 4 Standardböden auf der mittleren Platte
6. Montage der oberen Platte. Verwendung von 3 Böden, Konfiguration B + Teil-Nr.: 3 & 4
7. Haltestifte und Abdeckkappen montieren
